

Hi ,

This is Lilian from Guangdong Hwashi Technology Inc. We are specialized in manufacturing all kinds of welding machine for years.

There have four types of robot welding jig for your choice.

Items	Normal platform table	One-axis positioner table Vertical 360° rotation positioner	One-axis positioner table Horizontal 360° rotation positioner	Two-axis positioner table Double-Side 360° rotation positioner.
Information	normal fixture table, cannot change position or change fixture, which is suitable for simplest products welding. Welding point is not too much.	it can achieve rotating at vertical direction for robot better welding it.	it can achieve rotating at Horizontal direction.	It can achieve rotating at every free 360° at vertical or horizontal direction.

Working video	https://youtu.be/PtK8bA0f3kU	https://youtu.be/7LvjDgBn9Mg	https://youtu.be/LAnEbVIOBEo	https://youtu.be/OgdyplmF7tk https://youtu.be/Mf1blmp6ljk

All the manual jig or automatic rotating jig could be customized according to your products.

Waiting for your feedback.

Have a nice day!

Best regards,
Lilian
